Covid-19

Daily Individual Health Screening Process

PLEASE, complete the following individual health screening process at home prior to coming to Brandon Valley School District facilities.

1. Do you feel sick?
2. Do you have a cough, shortness of breath, headache, or a fever?
3. In the last 14 days, have you knowingly been in close contact with an individual that has tested positive for Covid-19 or an individual that is self-quarantined due to Covid-19 symptoms?

An answer of “YES” to any of the following screening questions prohibits attendance at Brandon Valley School District facilities.

Upon entrance of a Brandon Valley School District Facility, individuals will promptly engage in handwashing or a hand sanitizing. Proper hygiene practices will be reinforced and prioritized throughout all school district functions.

The preceding “Daily Individual Health Screening Process” will be replicated by Brandon Valley School District Staff during the morning on a routine basis.

Certain programming may require temperature checks prior to participation.

Any individual exhibiting symptoms of illness will be offered a surgical mask, isolated, and be required to leave the facility as outlined in the “Protocol for an Individual Exhibiting Symptoms”.

The absolute most critical component of the Summer 2020 - Return to School Plan is a Cooperative Partnership with parents / guardians, staff, and students, where individuals commit to 1.) Stay home if sick, 2.) Practice good hygiene, (Hand Washing / Sanitizing) 3.) Practice Social Distancing whereas possible.

Together, we can promote our community’s health!
