CONTEST

WHO IS ELIGIBLE?

Kindergarten through Fifth graders from the area are invited to participate in the 26th Annual Block Kids Contest sponsored by the National Association of Women in Construction (NAWIC).

WHAT IS BLOCK KIDS?

The Block Kids Building Contest was developed by the National Association of Women in Construction (NAWIC). The purpose of the contest is to educate elementary students and promote interest in the construction industry. The contest is run much like a modern day construction project, with the contractors (children) registering with the construction managers before going over to the supplier to receive material for the building contest. Each contractor is then led to his or her job site by a foreman, where he or she will build a construction project. Projects will be judged by building inspectors on the basis of originality and explanation of the project. All participants will be using plastic interlocking building blocks and other materials. There will be a first place winner from each grade level and the overall winner from the five finalists will have their project submitted to the regional competition to compete at regional and national levels. The project should be construction related such as buildings, structures or equipment used in construction. The ideas are endless. There is no cost to participate. Refreshments will be served.

PRIZES:

- First Place Prize Awarded in each Grade Level
- \$100 Cash Grand Prize Winner will be selected from all grade level winners
- Grand Prize Winner Advances to Regional Competition

See You At The Pole

As another summer comes to a close parents and students across the country are beginning to think about another school year. One of the highlights of going back to school is See You At The Pole. This year the event will be held at school flagpoles across the country on **September 26**. The theme verse for this year is Ephesians 3:14, "For this reason I kneel before the Father." Paul writes his letter to the Ephesians with the hope of strengthening the foundations of their faith. This is why he kneels. Let us set aside time this Fall to kneel before God and pray that students' faith would be strong and solid. That our schools would be strong and safe. That this would be the best year yet!

Bible Give-A-Way

First Priority of Brandon has purchased cases of Bibles for students that may want a Bible of their own. The Bibles will be available at the Pigskin Classic Crazy Days on September 8th and at See You At The Pole on September 26th. Have your student pick up one!

Leader Training Meetings

Those students or adults interested in becoming a leader with First Priority should plan on attending one of the following meetings held at Brandon Valley Assembly of God:

- *Sunday Sept. 9th at 6:30pm
- *Thursday Sept. 13th at 6:30pm
- *Sunday Sept. 16th at 6:30pm
- *Monday Sept. 17th at 6:30pm

The first Leader Meeting of the school year will be held on Sunday Sept. 30.

Permission Slips Needed!

It's that time of year again as FP Kids will need to begin collecting signed permission slips from students. Those students who will be involved in the club at Brandon Valley Intermediate School will need to have a signed permission slip on file in order to participate. Please return the attached slip to the FP leader as soon as you are able.

If your student plans on being bussed to Brandon Valley Assembly of God immediately following the FP meeting at the BVIS than an additional permission slip is needed. Please return these slips to the FP leader as soon as you are able.

Y SPORTS PHILOSOPHY

The philosophy of YMCA youth sports programs is to use sports as a tool to develop each participant physically, mentally and spiritually.

.....
Fair play is about more than playing by the rules.

It's about EVERYONE showing respect for all who are involved in YMCA Youth Sports. It's about coaches, parents, and referees being a role model of good sportsmanship and guiding players to do the same.

.....
We believe competition is a positive process when the pursuit of victory is kept in the right perspective. The "right perspective" means adults make decisions that put the best interests of the children above winning the contest. Learning to compete is important for children and learning to cooperate in a competitive world is an essential lesson of life.

.....
All YMCA sport programs emphasize fun, skill development, sportsmanship and teamwork in a positive environment. Players, coaches, YMCA staff and spectators are expected to follow YMCA core values of caring, honesty, respect and responsibility.
