

## SUPPORT SERVICES GOALS

Support services are essential to the successful function of a school system. Management of auxiliary operations is, therefore, an important responsibility of the district administration. It should be remembered, however, that education is the district's central function; all support services will be provided, guided and evaluated by this requirement.

In order to provide support services that are truly supportive of the educational program, the Board establishes these broad goals:

1. To provide a physical environment for teaching and learning that is safe from hazards, sanitary, properly equipped, lighted and ventilated and aesthetically suited to promoting the goals of the schools for students, staff, and public.
2. To provide safe transportation for students to and from school.
3. To provide nutritious meals for students.
4. To provide support services, resources, and assistance to fulfill the needs and promote the goals of the educational program.
