LESSON/UNIT: Motor

SUBJECT/GRADE: Jr. Kindergarten

DATES: 11/02-11/06

What do students need to do?

[Link to BV Week at a Glance instructional video.](#)

These exercises are an introduction to the activities we use in the classroom for our Boost Up program. You will notice that we are repeating the same exercises each day. To create success in this program, repetitive exercises are imperative. The activities only take a minute but you will notice over time, how your child becomes stronger and more balanced with repetitive instruction. We will continue to add more exercises every couple of weeks.

Monday (11/02):

- Watch the BV Week at a Glance instructional video.
- Choose at least two boost up warm up activities to do each day to help your student warm up for their learning.
- Helicopter Exercise
- Balance Beam: Choose something Halloween related that your child could draw and as they walk on the balance beam have them lean over, crossing over left arm picking up objects on the right side and right arm picking up objects on the left side. Once they pick up the objects, have them place it in an available basket or bucket.
- Superman Exercise
- Alligator Crawl
- Creep Track: Have the student creep on hands and knees using the opposite arm and leg simultaneously. The students should move at a slow and even pace. Using the letter flashcards, place the uppercase and lowercase Aa, Bb, Cc, Dd, Ee, Ff, Gg, Hh cards on the ground and have your child name the letters as they creep past them.
- Giraffe Stretch: Have the student get down on the floor on their hands and knees. The knees should be directly below the hips, feet touching the floor in back, and the hands directly under the shoulders, making a nice square “cube” out of her body. Without moving their hands or knees on the ground have the student lean forward as far as they can go and then backward in a rocking motion. Repeat this for 1 minute.
- Popcorn Exercise:** Have the student lay flat on their back and ask them to bring their knees to their chest, wrapping their arms around their legs. They should then lift their head, trying to keep their eyes close to their knees. Ask the student to hold this position for 20 seconds and repeat 3 times. For fun release movement, they may POP out with their body straight and taut, feet together, and arms moving above their head to a flat position on the floor = “Popcorn”.

Tuesday (11/03):

- Helicopter Exercise
- Balance Beam
- Superman Exercise
- Alligator Crawl

- Creep Track
- Giraffe Stretch
- Popcorn Exercise

Wednesday (11/4):

- Helicopter Exercise
- Balance Beam
- Superman Exercise
- Alligator Crawl
- Creep Track
- Giraffe Stretch
- Popcorn Exercise

Thursday (11/05):

- Helicopter Exercise
- Balance Beam
- Superman Exercise
- Alligator Crawl
- Creep Track
- Giraffe Stretch
- Popcorn Exercise

Friday (11/06):

- Helicopter Exercise
- Balance Beam
- Superman Exercise
- Alligator Crawl
- Creep Track
- Giraffe Stretch
- Popcorn Exercise
