LESSON/UNIT: Motor

SUBJECT/GRADE: Jr. Kindergarten

DATES: 11/30-12/04

What do students need to do?

[Link to BV Week at a Glance instructional video.](#)

These exercises are an introduction to the activities we use in the classroom for our Boost Up program. You will notice that we are repeating the same exercises each day. To create success in this program, repetitive exercises are imperative. The activities only take a minute but you will notice over time, how your child becomes stronger and more balanced with repetitive instruction. We will continue to add more exercises every couple of weeks.

Monday (11/30): Review Week! Choose activities to practice this week!

- Watch the BV Week at a Glance instructional video.
- Choose at least TWO boost up warm up activities to do each day to help your student warm up for their learning.**
- Helicopter Exercise
- Balance Beam
- Superman Exercise
- Alligator Crawl
- Creep Track: Have the student creep on hands and knees using the opposite arm and leg simultaneously. The students should move at a slow and even pace. Using the letter flashcards, place the uppercase and lowercase Aa, Bb, Cc, Dd, Ee, Ff, Gg, Hh cards on the ground and have your child name the letters as they creep past them.
- Giraffe Stretch: Have the student get down on the floor on their hands and knees. The knees should be directly below the hips, feet touching the floor in back, and the hands directly under the shoulders, making a nice square “cube” out of her body. Without moving their hands or knees on the ground have the student lean forward as far as they can go and then backward in a rocking motion. Repeat this for 1 minute.
- Popcorn Exercise: Have the student lay flat on their back and ask them to bring their knees to their chest, wrapping their arms around their legs. They should then lift their head, trying to keep their eyes close to their knees. Ask the student to hold this position for 20 seconds and repeat 3 times. For fun release movement, they may POP out with their body straight and taut, feet together, and arms moving above their head to a flat position on the floor = “Popcorn”.
- Cross Pattern Walking: Place a sticker or a dot using a marker on the top of your child’s right hand and left knee. Have the student slap the hand with the sticker or dot onto the knee with the sticker while they walk forward. Have the students lift their knees waist high and visually follow their hands.
- Obstacle Course:** Create an obstacle course around your home using some of the exercises that we have been working on. Examples: Alligator crawl under the table, Cross Pattern Walk around the couch, Helicopter spin down the hall. Feel free to add other ideas.

Tuesday (12/01):

- Helicopter Exercise
- Balance Beam
- Superman Exercise
- Alligator Crawl
- Creep Track

- Giraffe Stretch
- Popcorn Exercise
- Cross Pattern Walking
- Obstacle Course

Wednesday (12/02)

- Helicopter Exercise
- Balance Beam
- Superman Exercise
- Alligator Crawl
- Creep Track
- Giraffe Stretch
- Popcorn Exercise
- Cross Pattern Walking
- Obstacle Course

Thursday (12/03):

- Helicopter Exercise
- Balance Beam
- Superman Exercise
- Alligator Crawl
- Creep Track
- Giraffe Stretch
- Popcorn Exercise
- Cross Pattern Walking
- Obstacle Course

Friday (12/04):

- Helicopter Exercise
- Balance Beam
- Superman Exercise
- Alligator Crawl
- Creep Track
- Giraffe Stretch
- Popcorn Exercise
- Cross Pattern Walking
- Obstacle Course
