

EVALUATION OF SCHOOL BOARD OPERATIONAL PROCEDURES

The Board may review its performance annually to ensure its proper discharge of responsibilities to the community. The Board recognizes that faultfinding and disparaging remarks serve no constructive purpose, and therefore, evaluation will be based on a positive approach, which will indicate the strengths of the Board and the areas of needed improvement.

The evaluation should meet local needs and provide for objective examination. Certain conditions are recommended to help the Board meet this goal, and thereby provide for the improvement of school board leadership. These conditions include:

1. Board member involvement in the development of standards by which they will evaluate themselves.
2. Holding the evaluation at a scheduled time and place, with no other items on the agenda, at a study or executive session and with all Board members present.
3. Developing a composite of individual members' opinions, and discussion of the results of a Board as a whole.
4. Supporting each judgment with as much rational and objective evidence as possible.

Upon final discussion of the results, the Board will develop both short- and long-range priorities to ensure continued proficiency in its areas of excellence, strengthening of adequate or weak areas and elimination of those areas no longer applicable to its performance.
