

DEVELOPMENT OF REGULATIONS

The Board delegates to the superintendent the function of specifying required actions and designing the detailed arrangements under which the schools will be operated.

These required actions and detailed arrangements will constitute the administrative regulations governing the schools. They must be in every respect consistent with the policies adopted by the Board

In the absence of policy, the superintendent is authorized by the Board to establish regulations as needed. Should the Board consider it necessary, policy will be developed thereafter.

The Board itself will formulate and adopt regulations only when required by law, and when the superintendent recommends Board adoption in light of strong community attitudes or probable staff reaction.
