

STUDENT TRANSPORTATION

Students eligible for transportation services will be allowed one "AM" stop and one "PM" stop. When an early dismissal occurs, the student will be taken to the appropriate "PM" stop. Occasional temporary change in pick-up or drop-off will be accommodated with advance notice to the Transportation Department. Inconsistent, rotating, variable or biweekly changes in a child's transportation will not be allowed.

Emergency transportation requests such as illness, fire, accident, or death, are to be made to the Transportation Department.

Abuse of change requests or emergency requests will result in denial of these privileges.
