

## SPECIAL USE OF SCHOOL BUSES/SCHOOL VEHICLES

Although the regular transportation of students to and from school will always be given first priority, school buses may also be used to take students to and from school-sponsored activities.

Driving regulations, safety rules and insurance coverage will be the same for special uses as for regular student transportation to and from school. Regular bus drivers will, whenever possible, be given priority in assignments.

The transportation director will work with the appropriate school administrators to establish regulations governing transportation for special district programs.

Community groups sponsoring "youth programs" may obtain the use of school transportation vehicles. The sponsoring community groups will be required to pay the current rate per mile as determined by the previous year's cost per mile ratio, obtain school approved insurance coverage and obtain the services of a school approved licensed school bus driver. The use of a school bus in a non-school related activity shall not exceed 100 miles from the Brandon Valley School District.
