

## Facilities Planning and Development - Naming Facilities

In selecting a name for a new school, the Superintendent shall form and facilitate a committee consisting of parents, teachers, administrators, the School Board Building & Grounds Committee Chair (or other Board Member), community members, and students.

The name for the school shall be selected from the following categories:

- Donation of the land by a school district patron
- Specific naming rights as outlined in the purchase agreement
- Presidents of the United States
- Persons who have achieved distinction in such fields as art, literature, music, education, or science
- Individuals who have made a significant contribution to society
- Location of the school, its street, or direction
- Famous event or location

The name selected shall have withstood the test of time.

The committee shall formulate a recommendation for School Board approval at a regular scheduled meeting.
