ADMINISTRATION CENTER PERSONNEL

David Pappone
Superintendent

David Pappone is beginning his ninth year as the district's Superintendent. As superintendent, he is committed to advancing the Core Operating Principle: Our Business is the creation of learning environments that result in success. He praises the staff and students in the district for the successes of the past and thanks the community for providing the resources to invest in the education of the district's students.

The district has established a set of goals that help define "success" in the Core Operating Principle. Each building designs plans and building level goals that direct the continuous improvement of that building. The results are reported to the board of education annually.

The district is planning and implementing for the on-going growth of the district. The Five Year Plan outlines future budget needs. The Facilities Plan establishes a planned progression for adding new facilities using a set of enrollment triggers that alert the district to the next need. The Organizational Plan likewise sets triggers to add supervisory level personnel as the district doubles in size. These plans, when taken together, provide an orderly and proactive set of responses to the growth.

The district continues to focus its resources on the accomplishment of the Core Operating Principle using conservative budgeting practices. The district has benefitted from a long history of public trust and Mr. Pappone is committed to continuing to earn that trust and support from the community.

OPEN HOUSE

5:30 - 7 p.m.

FRED ASSAM ELEMENTARY GRADES K-5

Susan Foster Principal

Welcome to a new school year at Fred Assam Elementary School! As the school year progresses, I would encourage you to take an active role in your child's educational experience. Children are eager to share their school experience and love to have guests visit the classroom and have lunch with them. The staff and I are committed to providing a positive learning environment as we prepare students to be life long learners and productive citizens.

The school day begins at 8:10 a.m. and ends at 3:00 p.m. Students walking or being dropped off at school should not arrive on the school grounds before 7:30 a.m. Breakfast is available starting at 7:30 a.m. and supervision on the playground begins at 7:45 a.m. Drop-off/pick-up lane: this lane has stopping, moving up, and students entering/exiting vehicles; students enter/exit on curb side only; do not linger -- move to allow others to drop off/pick-up behind you. DO NOT leave your vehicle unattended. Driving Lane: Continuous movement to parking lot; do not have students enter/exit vehicle; yield to allow vehicles leaving the drop off/pick-up lane. Parking lot: parents should park and walk over to/with students. Signs are posted for no parking areas. We know that there is congestion at the entrance/exit, but if all drivers would follow this procedure I believe traffic would flow much smoother. Thanks for your patience and cooperation!

A very noticeable difference is the entrance of the building. All guests and visitors will enter through a secure area during the school day. Once acknowledged by school staff, they will enter and sign in through the building office.

I consider it an honor and a privilege to work with the parents, students, and staff of this beautiful school and exceptional school district. One powerful way to strengthen our community is by continuously improving the relationships between parents and schools. As we enter into the school year, I want to personally thank you for your time and encourage you to be an integral part of Fred Assam Elementary. Great things happen when everyone works together to create a stronger community and a learning environment that results in success. If you have any comments, questions, or concerns, please contact me at the elementary school 582-1500 or email me at susan.foster@k12.sd.us.

MAKE A DIFFERENCE IN THE LIFE OF A CHILD. BECOME A MENTOR!

Brandon Valley School District, in partnership with Lutheran Social Services, is looking for volunteers to mentor our elementary and middle school students. Mentors and students meet at school for one hour per week and enjoy a variety of activities, such as playing board games, reading books, shooting hoops or simply eating lunch and talking. Many mentors choose to volunteer over the lunch hour.

What does it take to be a great mentor? We are looking for flexibility, understanding, open mindedness, empathy, a desire to give back to the community, and a love of kids. It's a small time commitment that can make a lifetime of difference!

To learn more, visit www.lsssd.org, or contact any school counselor or Lutheran Social Services at 221-2403 or mentoring@lsssd.org.

Performing Arts Center 2014-2015

The 2014-2015 school year marks sixteenth year of operation for the Performing Arts Center and Community Education programs at Brandon Valley. From the outset, the mission of both of these entities has been to provide new outlets and opportunities for participation and growth. What was once the vision of only a few has become a reality for thousands of residents and visitors to Brandon Valley.

The Performing Arts Center continues to provide just the right performance space for our students and the community. In the past year, hundreds of events have found a look or a sound on the P.A.C. stage. In addition to school district related performances and rehearsals, the P.A.C. continues to host performances and events from a wide variety of locally and nationally recognized artists and organizations. Of even greater importance is the fact that more students than ever before are taking advantage of the performance and technical opportunities that this marvelous facility offers. This experience is a valuable tool that can be used in so many ways in their post high school lives. The Performing Arts Center website at www.brandonvalley.k12.sd.us/bvpac has a fully updated events' schedule as well as seating and box office information. P.A.C. questions can be answered by calling Jessica Henson or Kevin Brick @ 582-8039 This is also the box office phone number.

Community Education is still alive and well!! As we know, budget issues have seriously challenged all the school districts in South Dakota. In examining the options at Brandon Valley, one of the obvious cost cutting methods that was chosen was to limit printing costs. To that end, the twice yearly brochures, reminder cards and flyers needed to be eliminated. And although these publications have become a thing of the past, Community Education at Brandon Valley has not. We will now rely on the digital brochure that can be found on our website: www.brandonvalley.k12.sd.us/communityed.

It contains a full array of wonderful opportunities for both parents and students. Many of our instructors are back again this year and have worked hard to bring old and new students with them. Classes and opportunities will begin in mid-September and run through December. As always, any questions can be answered and enrollment for classes can happen by calling the Community Ed. office at 582-8235. We cannot wait to hear from you!

Kevin Brick

PAC Manager/Community Education Director

Kevin Brick is beginning his 16th year as the Performing Arts Center Manager and Community Education Director. Kevin is responsible for bookings and all the day to day operations of the PAC. As Community Ed. Director, he oversees the programs and course offerings, assists in scheduling, researching and evaluating all the program offerings. He is also responsible for all the out of school time facility scheduling for all the district buildings. In February, March and April, he will direct the Brandon Valley spring musical for the eleventh year. He promises another "event-full" year ahead.

MESSAGE FROM OUR SCHOOL NURSES

Wendy Bunker
BVMS

Welcome back to another school year! We look forward to seeing staff and students once again and encourage parents to call our office with any questions they may have on nursing services: Services we provide include periodic health screenings, first aid, dispensing of prescribed medications and wellness promotion. This is just a reminder to new students and their families that SD State Law requires proof of up-to-date immunizations PRIOR to admission. Students must show compliance within 45 days or be subject to suspension by the Superintendent of Schools until immunizations are completed.

In those difficult instances when your child becomes ill at school, we will contact parents/guardians either at home or work and ask them to transport the child home. Please do not send your child to school if he/she has a temperature of 100 degrees or above, has vomited, has diarrhea or has a rash that may be disease related. In these instances, we ask you notify the school office and consult your physician before sending your child back to school.

Providing quality health care service in the school environment is our main goal. Please contact us with questions or concerns you may have. We look forward to a safe and healthy school year.

IMPORTANT INFORMATION REGARDING STUDENT MEDICATION

There have been an increasing number of problems with students in K-12 carrying medications (prescription and over-the-counter medications) on school property. This has become a major safety concern and we need your help to address this problem. Medications have been found on the bus, in the hallways and classrooms, as well as outside on school grounds. Our policy remains that students cannot carry medication with the exception of emergency medications (i.e. epi-pens, inhalers, diabetic supplies).

If your child needs to take medication at school:

- A parent must bring the medication to school and complete the proper paperwork. Do not send medications with your child to school. Forms can be found in each school office or on the school website under the parent tab, and then click on school nurse.
- Medication must be provided in the original medication bottle that is properly labeled with the medication and the child's name. This includes prescription and over-the-counter medications.
- Unused medications must be picked up by a parent on the last day of school. Any medication left at school after the last day will be properly disposed.
- As stated in the Student Handbook:

Any student found to have any medication in their possession or sharing of any medication on school property may face serious disciplinary actions which may include expulsion.

Thank you for helping keep all of our students safe!

School Insurance Program

All students participating in athletics must have insurance coverage, either through a personal policy or school insurance. Students receive an insurance letter to parents at the beginning of the school year. Parents are to either sign the "waiver" at the bottom of the student directory cards indicating they have adequate insurance, or purchase the student accident insurance by returning the enrollment form and check to the school.

Parent E-mail Address Request

If you would like to receive e-mail messages sent from the school district please submit your e-mail address through family access. When logging in to your child's family access account you will be prompted to enter your e-mail address. If you would enter it at this time we will have the necessary information to automatically add you to the school information distribution list. You will then be able to receive news flashes regarding early dismissals due to the weather related early closing and up-to-date information on unexpected happenings at your child's school.

To accomplish this task, go to the school district website: <http://brandonvalley.k12.sd.us>. Find the Family Access link, click on 'family access from home' key in your log-in and password. Now you will be prompted to enter your e-mail address if you have not previously done this. If you already have an e-mail address displayed in Student Information, please check to be sure this is current information.

If you need to change your e-mail address click on Account Info located at the top right hand side of the page. Click on change my e-mail, type in family access password, make any necessary changes and save.

Other important communication tools provided by the school district include district (www.brandonvalleyschools.com) and building level websites. Family access is available for those that wish to stay current on their child's grades, attendance and lunch accounts. The district newsletter, the Up Front, and monthly building newsletter are also provided to keep our patrons informed of the events at Brandon Valley.

ASBESTOS HAZARD EMERGENCY RESPONSE ACT

In October 1987, Congress passed the Asbestos Hazard Emergency Response Act. Asbestos is a fiber which in the past had been used in building construction materials and has been identified as being a disease-causing agent, including a cause of cancer. The purpose of the legislation was to insure that school students are provided with a safe environment in which to learn.

Asbestos abatement (removal) has been conducted throughout the district. The only asbestos-containing materials that remain in the district are the asbestos vinyl floor tile located throughout the district's buildings. The floor tile will be dealt with by the district's asbestos staff or contractors as the need arises.

Should any parent/patron have questions regarding the federal law or its application to our district, those persons are invited to direct their inquiries to Ty Hentschel, our designated coordinator.

DISTRICT TRANSPORTATION POLICY

The Board has established this transportation policy to be used by the administration for individual patron's request for route adjustments and changes. The transportation services shall be managed in a responsible and economical manner. The administration may act on these matters, as they deem appropriate.

1. Students who reside more than five miles from the school of assignment will be provided transportation as per state law. Transportation may be provided for children who live within the five-mile radius of their assigned school for a nominal fee. Student safety will be considered in all transportation decisions. The district shall establish scheduled bus routes for the transportation of the district's students.
2. Transportation of students with special needs will be in accordance with their individual educational plans.
3. There shall be one regular pick-up location and one regular drop-off location for all students transported. Occasional temporary change in pick-up or drop-off will be accommodated with advance notice to the transportation department.
4. With the establishment of housing developments in the rural areas of the school district, bus stops shall be established within the normal rural bus schedules. The bus stops will be at the main entrance to the development with the following exception: If the furthest pick-up point is five-tenths of a mile or greater from the entrance of the development and the roadway meets all township/county requirements for a roadway and is maintained by the township/county, a bus stop may be established at that location.

District patrons meeting the following criteria will be required to pay a fee established by the Board of Education:

- Jr. K-12 students residing within five miles of their designated attendance center via the most direct route.
- Jr. K-5 students residing within the district open enrolling to attend a facility other than their assigned attendance center based on the boundaries set by the Board of Education. An increased fee for this circumstance will be assessed due to the inefficiency caused by these requests for busing. The increased fee will not be assessed if both the pick-up and drop-off are within the boundary of the school of attendance.
- Jr. K-12 students open enrolling from another district and requesting busing within district boundaries.

District patrons meeting the following criteria will not be required to pay the busing fee:

- Jr. K – 5 students required by the administration to attend a facility other than their assigned attendance center based on boundaries.
- Jr. K – 12 students residing more than five miles from their designated attendance center via the most direct route.
